Youth Mentoring July 2018 By Ted Hildabrand

Frequently I hear outdoor sports people talking about the lack of youth involvement in the shooting sports, hunting and fishing. It is a real negative cultural shift in our country and in other countries. It gets depressing at times during these meetings and discussions on trying to develop ideas and programs to correct it. There are no easy answers, but I feel the answer lies within all of us. Discuss it with the person you see in the mirror each morning and evening.

However, recently I have seen real good positive activity and reasons for celebration at our club. Just recently we saw the Bedner ladies, Alexandria & Gabriella at our Monday pistol shoot. Both fine ladies are veterans and councilors of the NRA Whittington NRA Camp in Arizona. They were the stimulus for the Taylor Grant which has sent Tyler Zenger from our club to Whittington this year. Based upon the reports we have received Tyler is really enjoying the camp and shooting sports.

Then when we see frequent use this summer of the Marisco Rifle Range by coaches Dave Willard and Tom Benedict. Dave and Tom are spending their time teaching and supporting youth in 22 small bore (22 rim fire) rifle shooting. You can also see grandfathers like Lee Kirchner teaching his granddaughters to shoot at the Plinking Range. All this youth club activity is good!

What have you done this year to mentor your grandchildren, sons & daughters, nephews and nieces, neighborhood youth and others in the outdoor sports? Please consider taking a youth fishing, hunting and shooting? Work it out with the person you see in the mirror. It is not somebody else's problem it is our problem.

BLACK POWDER SURVEY

METALIC CARTRIDGE AND MUZZLE-LOADING SPORT- ING ARMS

The Black Powder Committee of the DMSC is currently conducting a survey to determine the total number of members that are interested in becoming part of the Black Powder Fraternity.

This discipline will include the use of flint and percussion as well as metallic cartridge rifles, pistols and shotguns from the earliest colonial era through all of America's military engagements from the French and Indian War, our American Revolution, War of 1812, Mexican War, the American Civil War, and the Western American Indian conflicts

Whether you "patch" a round ball, load a military "minie ball", shoot a modern "inline" or a black powder "cartridge" gun, we would like to see you on the range as a shooter or a competitor.

If you would like to demonstrate your competitive spirit with the use of these antiques or exercise your hidden enthusiasm for black powder, your participation is welcome.

The weather was super, the scores were super, and the camaraderie is always Super-Super. That about sums up what the nine competitors had to contend with. Jim Madar toppled a reigning "top shot" (Tom Morley) with a 478-8X - he resorted to a clean target on Rapid Prone - nice shooting Jim. Glad to see Shawn Tupta back out on DMSC soil while home on leave from the Air Force. SPECIAL NOTE: the next match will be moved to a Sunday - August 12th. All are welcome!

DMSC Conducts Safety Reviews

Range Safety Officers (RSOs) will conduct random membership checks and safety reviews. RSOs will meet with members and guests while at the firing range. Each member will be given a green safety card with important safety information to review, membership ID's will be checked, a green sticker will be affixed to the membership card, and a copy of the range rules will be made available. It's important for all members to review safe gun handling procedures and to focus on the safety rules for each range used. The RSOs will be wearing a distinctive safety vest or hat and will only ask for a few minutes of your time.
