- **Capital Improvement Projects:** The club is moving forward with the following Capital Improvement Projects:
 - New Clubhouse—Solid Steel Buildings, Inc., a Pittsburgh based company, was chosen to erect the building foundation and shell plus exterior finishes. Construction will start once final permitting has been completed.
- **Open Shoot at Indoor Range:** There will be open shoots available at the indoor range during the winter months. March is the last month for these so get your range time in while you can. Indoor range rules apply, including no jacketed bullets. Check the calendar for days and times.
- **Swap Table:** Swap tables will be available during the monthly meetings in February, May, August, and October starting at 6pm. Contact Ted Hildabrand for details and to reserve your spot.
- **ARC 2019:** Some changes and additions to the ARC program in 2019 include a pistol only match, steel targets, and youth age 14 and over! For more information, check the online Newsletter or contact John Tupta at dmlscNRA@verizon.net.
- **Tree Planting:** The Board has approved the purchase of 30 Dunstan Chestnut trees for planting on Club grounds during the work parties. Dunstan Chestnuts are known to be resistant to the blight afflicting other chestnuts
- **Range Cleanup:** Please remember to exercise the “Pack it in, pack it out” rule whenever at any of the ranges. Anything you bring to shoot should be removed when you are done and not left for someone else to clean up. Thanks for helping keep the club and its ranges clean and ready for the next shooter.
- **American Flag Retirement:** The Club will start collecting American Flags needing retired during the monthly membership meetings.
- **Lost and Found:** A reusable target was found on the Plinking Range. Please contact Bruce Ungar to claim it.
- **Discount for Members:** Allegheny Gun Works in Bethel Park is offering a discount to DMSC. Members will receive 5% of firearms, and 10% off everything else by presenting a DMSC membership card.

BLACK POWDER SURVEY

METALIC CARTRIDGE AND MUZZLE-LOADING SPORT- ING ARMS

The Black Powder Committee of the DMSC is currently conducting a survey to determine the total number of members that are interested in becoming part of the Black Powder Fraternity.

This discipline will include the use of flint and percussion as well as metallic cartridge rifles, pistols and shotguns from the earliest colonial era through all of America's military engagements from the French and Indian War, our American Revolution, War of 1812, Mexican War, the American Civil War, and the Western American Indian conflicts

Whether you "patch" a round ball, load a military "minie ball", shoot a modern "inline" or a black powder "cartridge" gun, we would like to see you on the range as a shooter or a competitor.

If you would like to demonstrate your competitive spirit with the use of these antiques or exercise your hidden enthusiasm for black powder, your participation is welcome.

AMERICA'S RIFLE CHALLENGE (ARC)

Program Information for 2019

America's Rifle Challenge (ARC) program here at DMLSC enters its fourth year and is gaining more steam. Just "What is America's Rifle Challenge?" you may ask. With the growing interest in the AR platform, the NRA established a unique training and competition event that goes far beyond typical target practice. Participants can practice defensive skills ranging from 100 yards down to 7 yards, shooting at multiple targets, using all 4 shooting positions, barricades, and use of support side firing. The following information describes upcoming events that incorporate marksmanship, challenge, training, and a whole lot of fun. While the program is designed with the AR platform in mind, any magazine fed semi-automatic rifle will suffice.

AR CLINIC - NRA Certified Instructors and RSO's will provide instruction on safe gun handling, introduction to action rifle skills, dry fire practice, and several stages of live fire. If you are new to match competition or AR ownership, and are looking for opportunities to develop familiarity with the AR platform, then the AR CLINIC is tailor made for you.

BASIC MATCH – this event is an introduction to action rifle shooting. Participants learn match protocols, practice marksmanship skills, and develop confidence all while maintaining a comfortable pace. All live fire is conducted concurrently. If you want to get started in this style of competition or just try it, then the BASIC MATCH will provide the opportune springboard.

ADVANCED MATCH - this event allows shooters to hone individual marksmanship skills with the AR platform. All live fire is conducted individually using a shot timer. Combining marksmanship with speed provides the basis of scoring for the event. Stages involve a variety of movement, firing positions, target locations, barricade usage, and magazine reloading. **Prerequisite:** prior participation in a DMSC Basic Match, other action rifle course, or job experience (as determined by the match director).

****Youth Participation**** - Youth (14 – 18) can be a part of the action as well. Participation in DMLSC's small bore program or a high school rifle team will provide a wealth of safe gun handling and marksmanship experience. However, all youth **must start** with the AR Clinic. ARC Cadre will then determine further progress to other levels.

ARC Plus matches are restricted to ages (18+)

ARC PLUS (2-gun) – this event provides a more robust level of competition and enjoyment. With stages similar to those in the Advanced Match, participants combine the use of both rifle and pistol. A mixture of stages entailing rifle only, pistol only, and transition of one firearm to the other, create a very interesting, challenging, and exhilarating match. Pistols must be a semi-automatic, caliber 9mm or larger, and maintained in an external holster. The rifle, pistol and necessary magazines are all carried throughout each live fire stage.

Prerequisite: participation in a DMSC sponsored Advanced Match.

ARC Plus (Vintage 2-Gun) – runs the same as a 2-gun match - the only difference is the rifle must be pre-1945.

Prerequisite: participation in a CMP match.

ARC Plus (Pistoleer) – All of the fun and challenge of the Advanced Match but "pistol only" and conducted down on the lower ranges.

**** More detailed information will be available for each type of match in future editions of the DMSC Newsletter. ****

ARC Rifle Clinic

Dormont-Mt. Lebanon Sportsmen's Club is sponsoring an AR Rifle Clinic in conjunction with the America's Rifle Challenge (ARC) Program. This clinic is designed for shooters of all ages (14+) and **will be geared toward those with little or no experience using the AR Rifle Platform.** NRA Certified Instructors and RSO's will provide instruction on safe gun handling, introduction to action rifle skills, dry fire practice, and several stages of live fire. This clinic will progress at a slow enough pace for participants to gain an introduction to action rifle match protocol and develop a comfortable level of operation with the AR Rifle. The round count to be fired only provides each participant a minimal opportunity to incorporate the instruction and dry fire practice with a live fire opportunity. To gain further confidence from this activity, participants are highly encouraged to sign up for an ARC Basic Match.

Date: Saturday April 13, 2019 **Time:** 8:00 to 12:00 **Cost:** \$5 for DMLSC members; \$10 for non-members.

Civilian Marksmanship Program

**The Dormont Mount Lebanon Sportsmens Club
 CMP High Power Rifle Match January 20th, 2019
 In the spirit of patriotism, education, sportsmanship, and competition
 a 30 round, 3 stage, 2 position, 100 yard, center fire rifle match.**

The Shooters of this first match of the year, 2019, are only the most hearty or fool-hearty of competitors. It was a single digit temperature day with gust driven wind chill down well below zero. The match was truncated in the interest of noses, fingers, and toes. Josh James shot his brand spankin' new, 'rebuilt', CMP M1 to great effect. When Chris Bielinski masters off-hand he's gonna be a real threat. Allan Jaworski, with an impressive match high score, put in some trigger time with a precision rig that he's probably hauling up a mountain as I write this. All in all a successful match under trying conditions.

Thank you all for your cooperation and attention to the details of range safety. Bruce Ungar

KEEP IT SAFE

ALWAYS keep firearms pointed in a safe direction.
ALWAYS keep your finger off the trigger until you are ready to shoot.
ALWAYS keep firearms unloaded until ready to use.
ALWAYS unload, remove the magazine, and open the action of a firearm when someone is going down range.
NEVER handle firearms while someone is down range.
ALWAYS wear proper eye and ear protection at the range.

DMSC Conducts Safety Reviews

Range Safety Officers (RSOs) will conduct random membership checks and safety reviews. RSOs will meet with members and guests while at the firing range. Membership ID's will be checked and a copy of the range rules will be made available. It's important for all members to review safe gun handling procedures and to focus on the safety rules for each range used. The RSOs will be wearing a distinctive safety vest or hat and will only ask for a few minutes of your time. Guests and Visitors are subject to the same rules as members. Violators will be subject to disciplinary action up to and including dismissal from club grounds and termination of membership.

Safe Shooting Hours
