# **BLACK POWDER SURVEY**

## **METALIC CARTRIDGE AND MUZZLE-LOADING SPORT- ING ARMS**

The Black Powder Committee of the DMSC is currently conducting a survey to determine the total number of members that are interested in becoming part of the Black Powder Fraternity.

This discipline will include the use of flint and percussion as well as metallic cartridge rifles, pistols and shotguns from the earliest colonial era through all of America's military engagements from the French and Indian War, our American Revolution, War of 1812, Mexican War, the American Civil War, and the Western American Indian conflicts

Whether you "patch" a round ball, load a military "minie ball", shoot a modern "inline" or a black powder "cartridge" gun, we would like to see you on the range as a shooter or a competitor.

If you would like to demonstrate your competitive spirit with the use of these antiques or exercise your hidden enthusiasm for black powder, your participation is welcome.
