*"I had the time of my life being able to do things that I would not have had the opportunity to do."  
"I made better bonds in 2 weeks than I have my entire life!"  
"I am not a good cook at all!"*

***"I am extremely grateful and so are my parents, to DMSC for giving me this amazing opportunity. The knowledge that I gained and the experiences that I had will stay with me for the rest of my life."***

A few months back, Grant Lange, 14, was awarded a grant from DMSC to attend the NRA Whittington Center Youth Adventure Camp located in Raton, NM. Between June 23<sup>rd</sup> and July 5<sup>th</sup>, Grant participated in an introduction & competition within the following disciplines: pistol, archery, shotgun, rifle, and muzzleloader shooting a variety of calibers (.22lr, .223, .30-06, .308, 6.5 Creedmore, .30-30, .338, and .50). Alongside the disciplines, Mr. Lange attended classes associated with subjects like "Letter Writing", "Blood Trail Tracking", "Cooking Skills", "Survival", "Hunter's Safety", and "Leadership". He also went camping where the cooking skills he learned came in handy (or maybe not!). If you see Grant, ask him about his experience! All in all, it looks like Grant had a memorable time in New Mexico!

# **BLACK POWDER SURVEY**

## **METALIC CARTRIDGE AND MUZZLE-LOADING SPORT- ING ARMS**

The Black Powder Committee of the DMSC is currently conducting a survey to determine the total number of members that are interested in becoming part of the Black Powder Fraternity.

This discipline will include the use of flint and percussion as well as metallic cartridge rifles, pistols and shotguns from the earliest colonial era through all of America's military engagements from the French and Indian War, our American Revolution, War of 1812, Mexican War, the American Civil War, and the Western American Indian conflicts

Whether you "patch" a round ball, load a military "minie ball", shoot a modern "inline" or a black powder "cartridge" gun, we would like to see you on the range as a shooter or a competitor.

If you would like to demonstrate your competitive spirit with the use of these antiques or exercise your hidden enthusiasm for black powder, your participation is welcome.

Another great day at the range sending lead through some paper and bouncing off of the steel. 2-Gun allows the unique opportunity to practice defensive shooting skills with transition from one firearm to another - different distances /different positions - from behind barricades - at paper or steel - and some of the targets are in motion. IT IS A WHOLE LOT OF FUN!! Ten participants will all testify to the same. **Congrats to Chris Bielinski for garnishing the top score - Nice shooting Chris!** Top scores for each stage are highlighted. We did not conduct Stage 7 due to administrative reasons. There is another 2-Gun scheduled for August 11th.

The "First Ever" Pistooleer Match is now in the record books. 21 participants trekked in the warm, humid air along the four lower ranges and had a great time doing it. Shooting at paper, steel, moving targets, standing, kneeling, behind barricades, and multiple targets made for a great way to send lead down range. **"Top Pistooleer" honors goes to Dillon Kennedy with a 98.83 - Nice Job Dillon!** Once again the "young bucks" commandeered the lion's share of the better scores, but the two John's had a pretty good showing for us old timers. Scores are determined by a combination of time to shoot with additional seconds added for shot placement. Lower is better!

**Another Pistooleer Match will be held in September.**

Seven shooters came out on a superb weather day and seven shooters went home with a sense of accomplishment. Just another great day to enjoy the outdoors, share in the camaraderie, and send some lead down range. **Kudos to Miles Ford, who pounded the middle of the bullseye, and ended up with a whopping 488-17X. Nice job, Miles!**

A beautiful day to be at the range. Blue skies and balmy breezes! Bruce Long shows what a properly regulated citizen can do with an early 20<sup>th</sup> century bolt action rifle and takes the match away from all the gas guns. Thank you all for your cooperation and attention to the details of range safety. Best of luck and inspiration for those going to compete at the CMP Games and national matches at Camp Perry, something that you should all consider, if not for the glory at least for the experience.
